The Attain Group Inc. worked with Soniva Integrated Solutions for Kugler Kandestin relocation and fit-up at Ivanhoé Cambridge office tower 1 Place Ville-Marie, Montreal, Quebec. Soniva Integrated Solutions provided the network cabling infrastructure, the Audio Visual/Multi Media systems for multiple meeting rooms, Electronic Security Systems, Intercoms, and VoIP telephone systems. The project faced its challenges in technical aspects as well as fast paced scheduling needs. Soniva Integrated Solutions and Paolo Puma responded in an exemplary fashion in all respects.

Soniva Integrated Solutions provides a very professional approach to a project and exemplifies a commitment to teamwork and customer objectives. Soniva Integrated Solutions routinely went above and beyond to ensure time tables are met, deliverables are accurate and customers are satisfied.

The Attain Group Inc. looks forward to working with the team again and I personally recommend Soniva Integrated Solutions to anyone looking for a high quality professional technology solution provider.

Please contact me if you wish to discuss Soniva Integrated Solutions.

Sincerely,  
The Attain Group Inc.
